

Team Member Biography Example

Joe A. Student IT Security and Forensics Specialist

Mr. Joe A. Student specializes in performing digital forensics analysis of evidence collected from computing devices (servers, network appliances, desktops, laptops, smart mobile phones and tablets) which are involved in civil or criminal incidents. He will be assisting the Firm's Project Team with analysis of forensic evidence collected from the employee's smart phone and desktop system. Mr. Student is knowledgeable in all procedures and protocols required to preserve the chain of custody over digital evidence. He is currently completing his undergraduate course work in Computer Information Systems and anticipates being awarded the Bachelor of Science Degree in Business from California State Polytechnic University at Pomona, California in Spring 2016.
